

Velocette Road Tests Dai Gibbison & Walter Probst

When carrying out a restoration, reference is often required to period photographs or information on a particular model year. To save you leafing through every old copy of Motor Cycle or Motor Cycling at auto jumbles, we have detailed many of the road tests and other interesting articles on Velos below.

We believe that photocopies of the road tests etc. can be bought from the Old Bike Mart and The Classic Motorcycle, tel 44-(0)1507 524004
